

VANCOUVER, WA (USA) – April 27, 2016 – Rick Goode, CEO of Columbia Machine, Inc., announced today that he has employed Mariusz Gil at the position of company President. Mr Gil brings to Techmatik a lot of experience in construction industry, mainly in the scope of paving stones, slabs, and bagged products. In the past he worked as a managing director for Quick-mix, sales and marketing director for Semmelrock Stein+Design as well as at various sales positions at Henkel.

“We are happy that Mariusz joins our Techmatik team. He brings a lot of experience. Techmatik is a family company with extensive experience on the market. Mariusz will join our strong team of leaders which has been developing Techmatik for years”, said Dariusz Kupidura, founder and current President of Techmatik S.A.

“Mariusz is experienced in managing companies which utilise solutions that we deliver to customers. With his energy and ability to react in advance as well as knowledge of customer requirements, he perfectly fits the strategy of Techmatik and the whole Columbia Group. Dariusz will strictly cooperate with Mariusz in the coming months in order to speed up many solutions and possibilities, which will enable to continue the significant growth that our company achieved in the last years. Dariusz will remain at the position of advisor for Techmatik in the near future”, said Rick Goode.

About Columbia

Columbia Machine, established in 1937, is a family company, presently managed by the third generation. It is a world leader in design, production and equipment support provided for various industries. It cooperates with customers from more than 100 countries all around the world.
